Product Manager | Program Manager

Founder-level Product & Program Manager with experience leading cross-functional teams to deliver web and mobile products from concept to pre-launch. Proven in structuring execution, translating business goals into technical plans, and driving delivery across designers, engineers, and community contributors in early-stage environments.

EDUCATION

Bachelor's of Science in Computer Sciences

Babcock University • Ilishan-remo, Ogun State, Nigeria • 10/2023 - 07/2026

WORK EXPERIENCE

Glass Finance • Lagos, Nigeria. • 09/2025 - Present

Founder & CEO • Full-time

- Conceived and led Glass, a payments automation platform for community dues, defining core workflows including member onboarding, scheduled payments, and admin-level payment visibility.
- Owned end-to-end product execution and served as single point of accountability across a 10-person cross-functional team spanning product, design, and engineering.

Threadbase • 08/2025 - Present

Project Manager • Contractor

- Led development of a mobile product enabling tailors to digitize customer measurements and job records.
- Translated vague business needs into **clear feature scopes and delivery milestones** for designers and engineers.
- Directed frontend, backend, and design execution across a **4-person cross-functional team**, driving pre-launch planning and delivery readiness for first public release.

EventNav Limited • Lagos, Nigeria. • 04/2025 - Present

Founder & Project Manager • Full-time

- Founded and led EventNav, a product studio building consumer-facing platforms in events and location discovery.
- Owned product strategy and execution for Nexspot, coordinating design and engineering teams from concept to build.

LEADERSHIP & PROGRAM MANAGEMENT

Google Developer Groups, Babcock University • 07/2025 - Present

Community Manager • Ogun, Nigeria

Managed a 200+ member technical community across engineering, design, data, and infrastructure tracks, coordinating programs that connected members to real projects and cross-functional collaboration.

New Horizon Tech-Hub • 10/2024 - Present

President • Ogun, Nigeria

Served as President and Project Manager, leading a 50+ member student delivery team and overseeing hands-on software projects, including a **hall management and student complaint system**, across planning, execution, and delivery.
